MARS GAMING

MM3 MOUSE

MM3 design is perfect for gaming. With adaptable weight and size, ensures perfect fitting to any player´s hand. And its awesome lighting effects are also customizable so MM3 won´t be unnoticed.

MM3 mouse incorporates state-of-the-art technology with its Avago laser sensor, with selectable 125-1000Hz polling rate for ultimate precision. Besides, its high speed On-The-Fly, up to 16400DPI, is fully programmable in order to increase even further control and performance.

And if we also consider its outstanding software, able to configure up to 5 user profiles and 10 macro switches, that can be stored in its 128Kb internal memory, MM3 turns into the best weapon any player can fight with.
